

Static Solutions | Static Neutralizers

WINSTAT BF-X2MB COMPACT AIR IONIZER

Static Clean International offers a full line of static control products ranging from ionizers, blowers, air knives and charging systems for all industrial markets in addition to contamination control products for the medical device market. Our goal is to reduce costs, improve operations and increase quality.

The Winstat BF-X2MB ultra-compact vertical air ionizer is slim and light weight. It is designed as a desktop ionizer featuring HCD-AC technology that has long-term and stable static elimination capabilities.

With Hybrid Digital Controlled AC (HDC-AC), there is less emitter erosion, Which means long-term stability and performance.

Main Features:

- Easy Maintenance with detachable louver and emitter needle cartridge.
- Safe Operation with discharge detection, over-current detection and other diagnostics.
- Wide angle or straight ionization pattern with two louver options.
- Locked angle bracket pedestal to keep a desired air direction.
- Coverage area of 1 foot to 5 feet from target
- Fan speed controlled by recessed potentiometer. Adjustable with a phillps screw driver.
- CE compliant.
