

# Contamination Control HepaClean 3000 & HepaClean 2500

The HepaClean 3000 and smaller HepaClean 2500 are closed loop parts cleaning systems integrating three proven cleaning tools - static neutralization, high velocity compressed air blow-off, and HEPA filtration - in a single stainless-steel housing, occupying minimal bench space.

Part of our Particle Trap® family of products, HepaClean is widely used in Medical Device Assembly & Packaging, or wherever there is a requirement for scrupulously clean parts. Electrostatically charged parts placed inside the HepaClean are instantly neutralized and cleaned, trapping FM (foreign matter) inside the systems dual-stage filtration

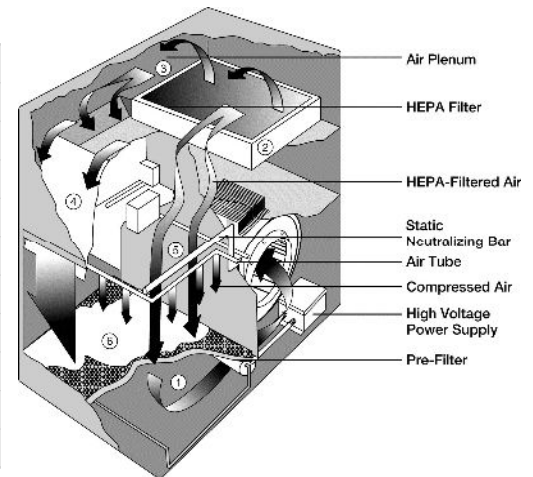

**HepaClean  
3000**

## FEATURES & BENEFITS

- Stainless Steel Construction
- HEPA filter (99.99% efficient at 0.3 micron)
- Direct drive high velocity air blower with balanced impeller for quiet operation
- Removeable side panels for pass through operation; can also be joined together to accommodate larger parts
- Multi-layered pre-filter
- Lighted rocker switch
- Fluorescent Interior work light
- Perforated stainless steel work surface
- Motion sensor for automatic operation
- Solenoid valve for automatic operation

Specifications	HepaClean 2500	HepaClean 3000
Width x Height	14.0"/356mm x 26.0"/660mm	
Total Depth	25.0"/635mm	33.0"/838mm
Chamber Depth	12.0"/305mm	20.0"/508mm
Weight	92 lbs./41.7kg	124 lbs./56.3kg
Input @ 115VAC	115 VAC 50/60Hz, 1.0A	115 VAC 50/60Hz, 1.0A
Input @ 230VAC*	230 VAC 50/60Hz	230 VAC 50/60Hz
Noise (w/o compressed air)	67 dBA @ 3' Front	
Blower Air Flow	294 CFM (max)	
Compressed Air @ 40psi/.28Mpa	23 cfm / 39m <sup>3</sup> h	35 cfm / 59m <sup>3</sup> h
Cabinet & Chamber Floor	Stainless-Steel	

Part Numbers For	HepaClean 2500	HepaClean 3000
HepaClean 115VAC, 50/60Hz with power cord	HC2500-115	HC3000-115
HepaClean 230VAC, 50/60Hz power cord (sold separately)	HC2500-230	HC3000-230
Static Bar	HCCBR2500	HCCBR3000
Power Supply (for static bar)	TSN75A	
Fluorescent Bulb	HCCBULB	
5-micron Filter Element	AF40P-060S	
0.3-micron Filter Element	AFM40P-060AS	
HEPA Filter	HCFLTH	
Prefilter (6/pack)	HCFLTP2	HCFLTP3
Power Cord, right angle, 115VAC	378-0004	378-0004
